Dear Teachers

We hope you and your kids enjoy these materials, and we look forward to your feedback. It always brightens our day, plus you can earn points good towards future purchases. We´d also love to connect with you online. You can find us on our [website](#), [Teachers Pay Teachers](#), [Facebook](#) and [Pinterest](#).

Product Info

Product Info

This pack includes 15 mini-books; focusing on the most commonly used letters in the Spanish alphabet. As with our other mini-books, this set was designed with printer-friendly clipart and a simple design for easy assembly. To print, select the pages for the book you want, and print single sided because students will need to cut and paste the letters on each page to form the words. For easier cutting and assembly you can choose the "collate" option in your printer settings so that each book prints in a set. If your printer can staple, you can also set it to staple each set on the left margin so all you have to do is cut each set in half after printing.
